

Dear ISH Forum member,

The International Society of Hypertension offers **entirely free** Research Fellowships; membership designed for graduate students and postdoctoral research fellows. This is a special opportunity for any young researcher or clinical scientist undertaking a higher degree to enhance their CV and gain all the benefits of the ISH New Investigator Network - again **at no cost**.

As a valued ISH International Forum member, we would like to invite you to nominate talented junior researchers to join the International Society of Hypertension as Research Fellows— at no cost!

Click on the links below for more information:

- On the New Investigators Network: <http://ish-world.com/new-investigators/about-us.htm>
- On membership of the ISH: <http://ish-world.com/membership/join.htm>

A summary of the benefits of membership as a Research Fellow can be seen below.

Alternatively, please contact membership@ish-world.com for more information.

We look forward to receiving your recommendations on young investigators/trainees in your country who would benefit from the many free benefits of membership as an ISH Research Fellow.

With kind regards

Ernesto L. Schiffrin,

Alta Schutte

ISH International Forum Chair &
Immediate Past President

Chair, ISH Membership Committee
